in your neighbourhood

When family
comes first

Bayshore[®]
Home Health

Providing care is our profession,
but taking care is our passion.

Mom and Dad have spent years in the same home. The same cozy little house you grew up in. It is a place to unwind, a place of comfort and a place of memories built over the years. As they age and health difficulties arise, they have made the hard and ever so important decision to remain at home and maintain their independence and dignity as much as possible.

At Bayshore Home Health we understand that leaving home can be a challenge and that staying at home is the best option for a lot of older adults. As your neighbourhood care provider, we are here to support you and your family through every step of the care process.

Exceptional care at all levels

Everyday Care

Companionship, meal preparation, housekeeping, errands, home check-in visits, outings and appointments

Essential Care

Medication reminders & support, assistance with eating, dementia care, respite care and personal care

Enriched Care
