Independent Living

The monthly rental fee covers your spacious studio, one-bedroom, one-bedroom plus den, or two-bedroom suite with a walk-in shower and kitchenette, as well as three nutritious meals served daily, weekly housekeeping and laundry service (linens and towels), one surface parking space per suite for licensed drivers, and all utilities. Medication management and enhanced care services can be provided in the comfort of your suite, subject to an assessment. Professional 24-hour emergency response by our health and wellness team and your personalized plan of care will provide you with peace of mind that all of your wellness needs are looked after.

Assisted Living

In addition to the services provided with our independent living program, our assisted living program offers a variety of care packages and an enhanced level of service, allowing you to stay with us even as your care needs change. Led by a full-time nurse, our health and wellness team will oversee your individual plan of care in a supportive environment.
